ADA TITLE II WCAG 2.1 AA **April 26, 2027** — public entities with a population of 50,000 or more · **April 26, 2028** — entities under 50,000 and special district governments. Source: DOJ Interim Final Rule, 91 Fed. Reg. 20902 (Apr 20, 2026).

THREE WORK PACKAGES

- 01 Application Modernization & Workflow Automation** — complex forms and validation, roles and permissions, approval workflows, notifications and audit trails, legacy module modernization, data migration, test and acceptance evidence.
- 02 Data Integration, APIs & Reporting** — REST APIs, legacy and spreadsheet data integration, mapping and reconciliation, dashboards, Excel/CSV/PDF export, Power BI-ready data feeds, interface and runbook documentation.
- 03 Accessibility, QA & O&M Support** — WCAG issue inventory, manual keyboard and screen-reader verification, remediation, regression testing, release evidence, defect and backlog sprints, user guides, monthly status and root-cause reporting.

SIZED FOR DIRECT PURCHASE & INFORMAL SOLICITATION

- Digital Accessibility Readiness Snapshot
- Priority Accessibility Remediation Sprint
- Accessible Public Form Modernization
- Reporting & Workflow Prototype
- CMS / Content Governance Reset
- Application O&M Backlog Sprint

Each is scoped as an independently valuable deliverable with written acceptance criteria — start small, evaluate, then expand.

WHY PROIT

- **LSBRP active** — eligible for Montgomery County's informal band: solicitations from \$10K to \$100K reserved for local small businesses.
- **Counts toward Maryland's 29% MBE goal** — MDOT-certified; supports prime and agency participation requirements.
- **Local presence** — Clarksburg HQ and Germantown office, both in Montgomery County. On-site when it matters.
- **Defined work packages, not staff augmentation** — a scoped package with written acceptance criteria, under your architecture.
- **Manual accessibility verification** — keyboard and screen-reader testing, not an automated scan alone. We never label anything “compliant” from a tool.
